...the drone hovered just a few feet away,

drone bone

capturing footage of yours truly for its perverted pilot

“Sorry, honey,” my husband told me, “but I can’t make it. Not today. I’m swamped.”

I sighed heavily into the phone. “Are you sure?”

“I’m afraid so.”

There was no changing Jeff’s mind. His matter-of-fact tone made this painfully clear. He wouldn’t be coming home for lunch today. I was on my own.

“And don’t worry about dinner,” he added. “I’ll be working late tonight . . .”

The conversation was becoming all-too familiar. It was official. My husband had become a workaholic. We rarely even saw one another. He left each morning while I was still asleep, returning each night after I had hit the sack.

His was a stressful job, a high-pressure position with a prestigious law firm. Of course, he made a lot of money. We had a fantastic house in a spectacular neighborhood, a swimming pool, three brand-new cars, anything and everything a person could possibly want.

Still, I was far from fulfilled.

All the money in the world didn’t count for much when you were lonely. And I was definitely lonely.

No sooner had I gotten off the phone with Jeff than I went to the bedroom and changed into my favorite swimsuit, a designer cherry-red bikini I had picked up at the most exclusive boutique in town.

Standing before the full-length mirror in a walk-in closet filled with clothes, I turned this way and that, admiring my fine figure. Mine was the slender body of a runway model. In fact, I had done some modeling while attending college in New York City.

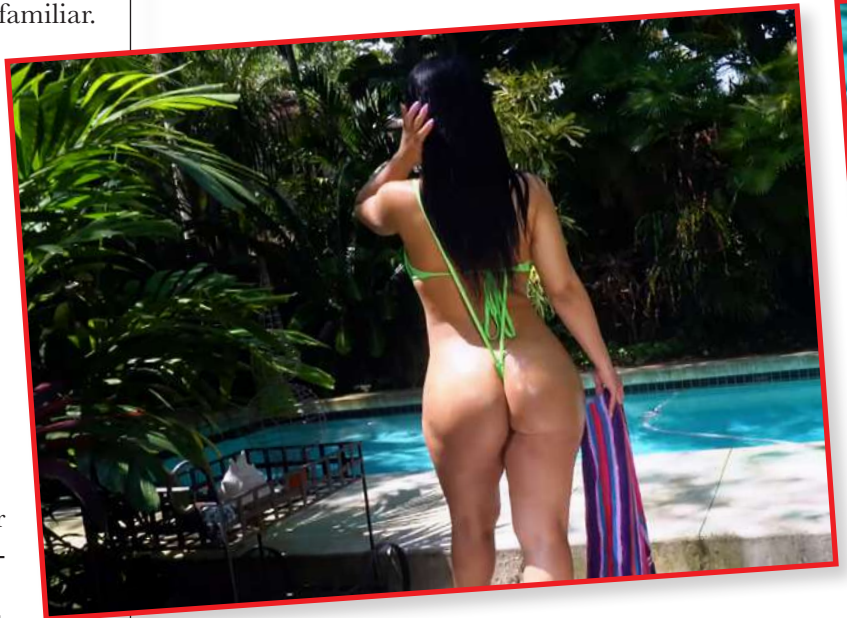

What was wrong with Jeff? How could he resist this? My husband hadn’t fucked me in over a month. I wondered for the umpteenth time if he was having an affair. Perhaps, I reasoned, he was banging that new secretary of his. Her tits were a lot bigger than mine, her hips full and curvy. Compared to her, I was a flat-chested beanpole. But a lot of guys, Jeff included, preferred skinny

women. At least that’s what he had always told me.

Hoping his taste hadn’t changed, I opened the French doors leading to the patio. Donning sunglasses and espadrilles, a canvas tote bag slung over my shoulder, I skirted the pool’s edge enroute to a sun lashed chaise lounge

It was a beautiful sunny day. Not a cloud in the sky. Perfect for catching some choice rays.

And that’s exactly what I did.

Until being rudely interrupted by a drone!

The thing looked like some sort of oversized mechanical mosquito as it flew over our property, buzzing like a bee, and made a few passes over the back lawn before stopping to hover a few feet above the pool. My surprise promptly turned to indignation when I realized that the drone was a flying voyeur being piloted by a tech-savvy Peeping Tom.

I closed my legs and extended my middle finger. “Up yours, asshole!”

Still, the drone hovered just a few feet away, capturing footage of yours truly for its perverted pilot. I saw the prick in my mind’s eye, saw him standing somewhere nearby with his remote-control device, no doubt leering like a real creep.

“Go on! Get the fuck out of here!”

I must’ve looked like an unhinged nut out there by the pool, waving my arms crazily and screaming at a flying camera. Finally, the damn thing left me alone. It was with much relief that I watched it fly away and disappear over the ivy-covered brick wall separating our property from the next-door neighbor’s.

I lay on the chaise lounge and tried to resume sunbathing, tried and failed miserably. I was too keyed up. The strange ordeal had frazzled my nerves in a major way. And I had a pretty good idea who was responsible for so brazenly invading my privacy . . .

Curtis Eaves, the neighbor’s teenage son, had recently returned home from college for the summer. Today’s prank had his name written all over it. Karen Eaves had told me that her overachieving son was majoring in some kind

It took some doing but I managed to compose myself and find my voice. “I don’t appreciate you spying on me with that drone of yours. What you did was a major invasion of my privacy . . .”

I let my harsh words hang there between us, hoping for an acknowledgment followed by a sincere apology.

I got both.

Then, the wheels in my head spinning naughtily, I asked him if I could come inside for a drink.

He regarded me strangely. “Drink?”

“It’s the least you can do,” I told him.

“It’s a little early, don’t you think?”

“It’s five o’clock somewhere.”

“True.”

“Come on, Curtis. It’s hot out here. One drink.”

“Okay, Mrs. Barham. You talked me into it.”

He ushered me inside a house which was just as impressive as my own. And the place was all ours as his parents were at work. He fixed me a stiff gin and tonic, garnishing the cocktail with a cucumber slice. The gin was top shelf with a subtle hint of rose. He opted for a bottle of Mexican beer. We sat on padded stools in the kitchen and had a chat.

Curtis apologized a second time, adding that he would delete the drone footage.

“What were you planning on doing with it?” I asked him.

I knew the answer, of course.

Spank fuel. Being home for the summer, home and cut off from a vibrant college social scene, Curtis had to be bored out of his skull. And more than a little horny.

“Well—um—er,” he hemmed and hawed.

I got a kick out of making him squirm. His face turned red. Still, I pressed the issue. The little pervert deserved to be uncomfortable after that drone stunt of his.

“I was just bored, you know.”

“Bored,” I stated bluntly.

He took a hit of beer. “There’s nothing to do around here. I should probably get a part-time job.”

“You still haven’t answered my question.”

“Come on, Mrs. Barham. Give me a break.”

“I’d rather give you a blowjob.”

The look on his face was priceless. He was stunned. As for me—well, I had meant what I said. I was eager

of engineering; the drone had to be his.

Determined to give the kid a good talking-to, I wrapped the towel around my waist and hastened to the Eaves’s house. I rang the doorbell repeatedly before Curtis finally opened the front door.

“Hello, Mrs. Barham,” he greeted me politely. “Can I help you?”

“You sure can—”

I paused in midsentence, my tongue tied as I regarded the impressive specimen framed in the doorway. Curtis had done a lot of growing up since I had last seen him. Now he was tall and muscular, his handsome face unlined and chiseled. His brown hair was long and fashioned in a Samurai bun. Shirtless and shoeless, he wore a pair of board shorts which hung low on his narrow hips.

to have his dick in my mouth, for starters . . .

“Let’s view it together,” I told him, referring to the footage. “I want to watch you stroke your cock.”

“Are you serious?”

“Come on, Curtis. Before I change my mind.”

I followed him through the house and into the backyard. The Eaves’s swimming pool was bigger than ours. They had a nice cabana with a striped awning. A picnic table held Curtis’s electronic toys. He sat at the table, connected the drone to his laptop, and downloaded the footage. I stood over his shoulder and watched myself on the small screen. Not to brag, but I looked damn good stretched out on a chaise lounge in my red bikini.

Curtis certainly thought so. He unzipped his board shorts, whipped out his cock, and proceeded to mas-

My feet dangling inches from the ground, I leaned back and spread my legs. Curtis’s height enabled him to stand there and fuck me easy as you please. The table shook and shimmied as he banged my box.

turbate with a herky-jerky pumping motion. No doubt he was mentally undressing me, imagining himself fucking me on the chaise lounge, thrusting between my legs as I writhed beneath him. It wasn’t long before my recorded-self gave his drone the bird. This excited him even more. Panting raggedly, he stroked his cock faster and faster, so fast that I had to stop him.

“Save some for me,” I told him, removing the towel from around my waist.

Then I took off my bikini. Curtis swiveled on the bench, sitting with his back to the table. I helped him out of his shorts. His prick was beautiful. I crouched and sucked him eagerly, sloppily, polishing his teen tool until it was rigid and ready for my pussy.

Having straddled him, I parted my cunt with both hands and lowered my slender hips. Watching his cock disappear inside me, inch by inch, was a major turn on. Properly impaled, I rocked and gyrated in his lap.

Mine was a slow ride.

Until it wasn’t.

I progressed to a wild pogoing on his pole, bouncing crazily; this while Curtis held my 22-inch waist. He seemed perfectly content to finish in this manner, but I had another idea.

I climbed out of the saddle and padded to the end of the picnic table where the bench wouldn’t get in his way. The smooth wood, warmed by the sun, felt nice

beneath my taut tush. My feet dangling inches from the ground, I leaned back and spread my legs. Curtis’s height enabled him to stand there and fuck me easy as you please.

The table shook and shimmied as he banged my box. His electronic toys clattered, and I feared one or more of them might fall and break. Thankfully this didn’t happen. Oblivious of it all, Curtis kept right on fucking me, ramming his rod into my cunt with everything he had.

Which was more than enough.

For both of us.

I came seconds before he pulled out and dumped his sizable load on my stomach.

“You can watch me de-

lete the footage,”

Curtis told me after we had gotten dressed. “For your own peace of mind.”

Once again, he sat at the picnic table and started working on his laptop. At least until I told him to stop.

“I changed my mind, Curtis.”

He stopped typing.

“Keep the footage,” I said. “For your own personal use, of course.”

He searched my face. “Are you sure?”

“Positive. I overreacted.”

“If you say so.”

“I’m flattered. In fact, be on the lookout for more footage. I plan on doing a lot of skinny dipping in the next few weeks.”

He smiled. “Cool. Thanks, Mrs. Barham.”

I saw a lot of Curtis and his drone that summer. And he saw a lot of me. On a computer screen.

And in the flesh.

For as long as I could, I used the natural light streaming in through the window to highlight her face.

As a photographer, I get a lot of recommendations by colleagues for models to work with. Evelyn Roth was sent to me by a friend and I was quick to set up a session with her at my studio. It was a rented space, the walls were stark white and the floor was concrete. I set up my own backdrop and lights well before anyone ever arrived, and for Evelyn's photo shoot, I had a purple velvet chaise in the middle of the room.

I was adjusting my camera when the model arrived, a tall, stunning woman with dark brown skin and beautiful curls. Evelyn walked gracefully towards me, shoulders held back confidently and a friendly smile lighting up her face.

"Ms. Sinclair," she greeted me. Her voice tinged with a slight English accent. "Thank you for having me."

Something about Evelyn captivated me from the start. She wore a simple black dress that clung to her hips, with the neckline plunged low to reveal a sliver of cleavage. We were set to be taking headshots, so there was no need for her to change outfits. Still, I couldn't help but imagine her in a brighter color, in another setting, or maybe even in a boudoir style shoot. She was the type of woman to look amazing in anything.

"Please, call me Vivian," I smiled and shook her hand. When our fingers touched, I looked into her dark brown eyes and saw her eyebrow twitch upwards. "I've been looking forward to meeting you."

"As have I," she turned to look around the space. "I liked your portfolio. I'm excited to see how you'll bring out my best features." I smiled.

"Let's get started then..."

For as long as I could, I used the natural light streaming in through the window to highlight her face. Evelyn barely needed any direction from me on how to pose. Long stretches of time went by where the only sound was the shuttering of my camera.

Behind my lens, I admired her smooth movements. When I wasn't fiddling with my settings, I was amazed at how easy it was to work with Evelyn and how comfortable I'd already gotten in such a short time span. Still, there were certain thoughts that I couldn't chase away, even with my determination to remain professional. The curve of her neck down to the swell of her breasts, the angle of her jaw, or even a stray hair out of place, it all tempted me to reach out and touch for myself. To feel her and confirm her existence wasn't just a dream. Furrowing my brows, I did my best to continue snapping shots as if nothing was wrong.

"That's perfect," I encouraged her, "stay just like that. You have an incredible body, Evelyn." Looking over my lens and directly at me, Evelyn arched one of her brows. Seemingly intrigued.

"Is that so? Perhaps you'd like to explore it further."

My voice got stuck in my throat and my heart rate spiked at the implication. It was one thing for me to

find my model attractive, but for that feeling to be reciprocated was an entirely new experience. Still, it wouldn't have been right for me to take her up on her offer. Not while she was still my client. Then again, it'd been a while since I'd been touched, and Evelyn's pull was impossible to deny.

I called the photoshoot done, sure that I'd taken more than enough shots. I was afraid to ask if she was serious but I really didn't need to, considering the look she gave me once I put my camera down to fully look at her.

Stepping towards the purple chaise she sat on, I stood still for a moment. "I think I'd like that very much," I reached out to cup her cheek and face her towards me. Leaning in, I paused a few inches away from meeting her lips. "More than anything."

Every second felt far too long to endure until Evelyn finally made a move. She closed the distance between us and goosebumps rose all over my body at the contact. There was no feigning professionalism for me

I alternated between sucking on her clit and running the tip of my tongue in a circle around it. At the same time, I began pumping my fingers in and out of her pussy.

anymore. I moaned into the kiss and welcomed her touch. Evelyn wrapped her arms around my waist and pulled me down with her onto her seat.

Arousal pooled between my thighs as I straddled Evelyn. She deepened the kiss and nipped at my bottom lip teasingly. In retaliation, I pressed my lips along her jawline and down her slender neck. I pecked the top of her breasts and urged her to take that damned dress off already. She giggled at my demand, but slipped out of it anyway.

Evelyn's tits were small and perky, fitting her petite frame perfectly. Dark nipples called for me to wrap my lips around them and suck. Further down, Evelyn kept herself smooth shaven, except for a tiny triangle of hair just above her clit. I didn't even let her undress me, I was too eager to taste her. She laid back with her legs spread, perfectly lit so that I could see her glistening pussy calling my name.

"God, Evelyn," I cleared my throat. "You're beautiful." She curled her index finger and beckoned me forward. I kept my tongue flat as I licked up her slit a couple times. Then I flexed my tongue and flicked it over her clit. Her thighs clenched around my head the longer I worked my mouth over her cunt. Tighter and tighter, she squeezed me.

Gently, I took her clit between my lips and suckled lightly. That seemed to really turn her on because she added her hand to my hair and moaned. While she was crying out for more, I brought my hand up and rubbed my finger around her entrance. One finger was too easy, so I slid in two.

"Yes! Just like that!" Evelyn moaned. I alternated between sucking on her clit and running the tip of my tongue in a circle around it. At the same time, I began pumping my fingers in and out of her pussy. She was dripping more than I could keep up with, so I collected her juices on my hand and added a third finger inside her.

"Please," she gasped, "Vivian, please...I need...I need more. Now."

I got a bit rougher with my touch after that. Instead of keeping it light, I used more suction around her clit, and rather than go slow, I thrust my fingers into Evelyn vigorously. Even curling them and pressing up

towards her pubic bone to find her g-spot. I knew I found it when she arched her back and grew silent. She couldn't even warn me, she was already squirting all over my face. I knew better than to lay off too soon, so I closed my eyes and made her push my face away once she was too sensitive to keep being touched.

As the last shockwaves of her climax faded away, Evelyn melted into the chaise completely sated and content. "That was...incredible," She took in deep breaths. She pulled me up for another kiss, tasting herself on my lips.

I played with her body over and over again that night, and I've yet to regret giving in to Evelyn's wants.
